- Great taste Mix with water, milk or yogurt for variety.
- Kosher certified. Meets dietary rules.

KENZEN™ BODY BALANCE

HEALTHY MEAL REPLACEMENT MIX

QUICK REFERENCE SHEET

THE FACTS

- For weight maintenance, building muscle, balanced nutrition or supporting digestive health, Kenzen Body Balance Healthy Meal Replacement Mix is an ideal choice. It's designed to address all of these needs - so that Kenzen Body Balance Healthy Meal can make an excellent contribution to almost anyone's daily diet.
- Kenzen Body Balance Healthy Meal Replacement Mix is a completely natural formulation, with a balanced blend of ingredients that maximize organic content. As a meal replacement, exercise drink or probiotic only Kenzen Body Balance Healthy Meal offers this unique combination, in a drink that is also naturally delicious.
- Kenzen Body Balance Healthy Meal includes a full 18 grams of protein - more than a full meal's daily recommended allowance. It is allergen-free, all-vegetable organic protein that readily converts to energy for exercise or to build lean muscle tissue. Special enzymes added to the formula support the body's natural ability to break down these nutrients and help make them more easily digestible.
- Kenzen Body Balance Healthy Meal Replacement Mix is completely free of animal protein (which is higher in fat than vegetable protein) or any animal-derived ingredients. It contains no soy, dairy, lactose, gluten or GMO. Foods that include these can cause allergic reactions or digestive difficulty in some persons. Kenzen Body Balance Healthy Meal can be enjoyed by many consumers who must follow dietary restrictions.
- The carbohydrates in Kenzen Body Balance Healthy Meal are complex carbohydrate compounds and are assimilated at a balanced rate. This helps avoid the glycemic spike often caused by simple carbohydrates. It also supports the body's ability to use these nutrients for muscle energy instead of storing them as fat.
- The slower digestion rate of the protein and carbohydrate ingredients helps contribute to a feeling of fullness and satisfaction, adding to the benefits of using Kenzen Body Balance Healthy Meal as a meal replacement.
- Kenzen Body Balance Healthy Meal offers 5 grams of soluble dietary fiber that serve as a prebiotic, helping to support the growth of probiotic organisms in the digestive system. In addition to a number of vitamins, Kenzen Body Balance Healthy Meal offers a wide range of amino acids.
- Much of today's typical diet, some medicines, and other factors such as stress can have a negative impact on intestinal flora, the so-called good bacteria that assist in digesting and absorbing meals. Acidophilus and other probiotics in Kenzen Body Balance Healthy Meal assist gastrointestinal system function.
- Kenzen Body Balance Healthy Meal features a natural sweetener to provide a delicious taste. Compared to most meals it is low in fat, carbohydrates and contains no added salt, artificial flavors or preservatives. The shelf-stable powder mixes easily in PiMag™ water or milk.
